

## **ENVIRONMENTAL POLICY**

The Management of Mey Chern Chemicals Sdn. Bhd. is committed to observe and put into practice the necessary action plans to comply with the Environmental Quality Act 1974 and all other regulatory requirements from time to time.

To achieve this objective, all employees will be made aware of the importance of and be responsible to create and maintain a clean and healthy workplace to operate in.

Heads of Department will be responsible for overseeing the following tasks in their work units and for regular reporting to the MR and/or Managing Director:

1. To prevent or control potential pollution that may occur.
2. To practice reuse, recycle and reduce waste generation.
3. To preserve and conserve natural resources, as far as practicable.

This Policy will be reviewed from time to time by Management in its efforts for continual improvement with regards to the environment in which we operate in.
